# THANKS TO OUR COMMUNITY

The North State never fails to show up in support of the essential work nonprofits provide in every sector across our great region. Without the dedication of donors and our faithful business sponsors, this annual event would not be possible. Beyond raising financial support, participating nonprofits have the opportunity to pool resources, share best practices, and expand their reach to spread awareness. This all ensures that the impact of North State Giving Tuesday isn't restricted to just one day - it resonates throughout the year. Thank YOU for making this a reality!

-Miriam Leal, Impact & Operations
