

Mission: To connect philanthropic people with causes that matter

Vision: To foster thriving, resilient, and sustainable communities in the North State

The Community Foundation of the North State Board Member Statement:

We serve our North State by investing in and enriching our future with heart, integrity, and professionalism.

Values:

Leadership – We take initiative and support programs that help the greater good. We leverage investments and relationships to make a larger collective impact in our region.

Local – We focus on our north state region (Shasta, Siskiyou, and Tehama counties) and are knowledgeable about and support local communities with our business, investments, donors and non-profit relationships.

Stewardship – We are future-focused fiduciaries of the assets under our care and intend to leave a lasting legacy for future generations through responsible and thoughtful management.

Ethical – We are committed to transparency, honesty, and integrity and in accordance with best practices and national standards.

Service – We are here to serve and help the well-being of others and are particularly focused on equitable opportunities for the vulnerable and under-resourced communities.

Learning – We both take advantage of opportunities for learning as well as supporting educational opportunities for our communities.
